

Farouk KOUIDER MOUSSAOUI (Vice Presidential Candidate)

General info

- From Algeria
- Master's degree in Political Science
- Volunteers in international organisations, NGOs, and Non-profit organisations
- Part of the Projects Working Group
- Experiences in intercultural dialogue
- Leadership skills
- Great energy to be an additional value for OCEANS
- Build up his personal network with people from all over the world

Ideas and goals

- Improve inclusion and teamwork consistency in and around OCEANS
- Boost communication and provide advice
- Place value to OCEANS and serve the network's members
- Function as facilitator for the members
- Smooth and proper collaboration with the president by getting to know each other very well, using remote work and platforms, and by being a good listener and advisor
- Integrating current members and other eligible persons for being members
- Members should have feeling to be essential part of OCEANS
- Increase OCEANS' visibility
- Consistent and accurate flow of information
- Support for members' applications

Funding

- Common fund for OCEANS where members and stakeholders can donate
- National offices in university (external affairs and Erasmus+ opportunities); offers to contact them to ask for financial support
- Example: Pease First (organisation) offer grants for individuals who have projects

Digital activities in times of COVID-19

- Focus on virtual events, educate and train people virtually
- Offering activities on OCEANS Online Community, Facebook group or other platforms
- Providing a space on OCEANS website in which active members can publish valuable articles

Would you still support OCEANS if you are not elected?

Yes, he is always ready to serve. He is always an active member and already member of a Working Group.
