

Rahmat Putra Yudha (Vice Presidential Candidate)

General info

- Teacher from Indonesia
- Teaching and volunteering in the field of education
- Passion for meeting new people and gather them into a community
- Communication and leadership skills

Ideas and goals

- Improve OCEANS' collaboration in events
- Engage people to further develop the organisation's vision and mission
- Promote the European educational and academic system
- Make an impact on the world by serving people
- Meaningful function of OCEANS in the world scale; give all members a meaningful position in the community
- Focus on social issues
- Support for virtual events with his skills to all members
- Building motivation for joining OCEANS and activation of current members
- Create feeling for OCEANS as a "second home"
- Create big data with members' expertise to ensure all members can contribute to the network the best way
- Provide trainings based on the members' expertise to upgrade the member's skills
- Mission of OCEANS should be mission of all members
- New partnerships with organisations with similar missions and visions (International literacy Association (ILA) - USA, Microsoft trainer, Streamyard - online studio- USA and others.

Roadmap for OCEANS to become more independent

- A lot of money needed to be legal entity in Indonesia, OCEANS needs to get informed

Funding

- Based on experience in Indonesia: using events for donation from members and outside
- OCEANS needs to be verified of events to show that activities are serious

Digital activities in times of COVID-19

- Digital skills are important now
- Skills in digital work
- Cooperation with Microsoft and Streamyard
- Offers to be a trainer in Microsoft digital teaching within OCEANS for free
- Provide digital training during pandemic for Oceans members or public
- Offers his own book published for giving an ISBN for free to members who want to publish a book
- Offers to give training for writers/authors for free

Would you still support OCEANS if you are not elected?

Yes, he would like to keep helping and supporting OCEANS by applying to another position. If there is no position free, he would still take over responsibilities as he thinks everyone owes to be responsible and to help the people and the network.
